A Southern View for Children's Smiles  
**26th IAPD CONGRESS CHILE 2017**  
**4-7 October**

The 26th IAPD Congress was hosted by the Chilean Society of Paediatric Dentistry (SCHOP).

The Chilean Society of Paediatric Dentistry is over 60 years old and has a long tradition of hosting successful congresses, conferences and workshops at both national and international levels.

**SCHOP**  
CHILEAN SOCIETY OF  
PAEDIATRIC DENTISTRY

**SCHOP MISSION STATEMENT**

Its purpose is to contribute to the analysis and dissemination of studies related to the specialty. It will contribute to the participation of community activities related to the promotion, prevention and promotion of the oral health of the infant, child and adolescent and in the comprehensive dental care of the same group of patients mentioned above whether they are physically or mentally disabled.

# SESSION CHAIRS

The Scientific Committee allocated two chairpersons per session, one from Chile and one International Speaker.

## **ORAL PRESENTATION:**

Only presentations with PPT or PPTX format. With a maximum of 5 -10 slides, with an emphasis on the presentation of the results of the work. All the presentations where send to: [scientificcommittee@iapdchile2017.cl](mailto:scientificcommittee@iapdchile2017.cl)

The presentation schedules where published on the congress website. The day of the event a computer and audio-visual test room was available for presenters.

## **POSTER PRESENTATION:**

Poster presentation is a 5-minute verbal format. The official language is English and presentation schedules for each poster will be published on the website in the lead up to the congress and sent to each presenter via email.

The presenting author must be present at the time defined for their presentation and willing to answer questions from the audience and evaluators.

## **EVALUATION COMMITTEE:**

The scientific committee designated two chairpersons per session, one national professor and one international professor.

Presenting authors of posters must be present during the evaluation of their research and answer any questions the judges or audience may have. Poster submission must be with the IAPD secretary. The installation and removal will be carried out by a collaborative team of students.

## **RECOMMENDATIONS:**

Suggest that all poster session chairs are asked to meet a coordinator at a specific location shortly before the poster session begins. We would suggest that the coordination and information of the schedule be very specific and clear, for all the participants and organization committee.

# Topics

-  Cariology / Dental Trauma / Paediatric Dentist from around the world
-  Dental Anxiety and Behavioral Management

# SOCIAL PROGRAMME

## OPENING CEREMONY:

At the Opening Ceremony, the Organizing Committee with the Chilean Society of Pediatric Dentistry (SCHOP) and the International Association of Pediatric Dentistry (IAPD) opened the 26th IAPD Congress Chile 2017. The activity was held in the Great Hall of the Sheraton Hotel Santiago, along with the presence of more than 1000 participants.

In this version, the organizers confirmed the participation of more than 1,000 attendees from around the world, more than 40 exhibitors from the pediatric dentistry industry and more than 60 international speakers, who will present different clinical cases and medical researches during the four days of the event.

In addition, during the activity a video was presented that showed the most representative places of Chile, with close-ups of children smiling as a symbol of the slogan "Southern View for Children's Smiles", as expressed by their authors, who also remembered Dr. Daniel Rollet.

After this ceremony, the public was invited to a Welcome Cocktail where they shared and talked about this first day.

The Organizing Committee decided to use the Facebook LIVE platform. The motive? "We know that many colleagues could not come to Chile for personal reasons, so we decided to open a window to the world and share with everyone this wonderful moment thanks to the advanced technology that we implement," said the Secretary General and Director of Social Events, Dr María Alejandra Lipari.

### **WELCOME RECEPTION:**

The congress was held at the Convention Center of Sheraton Santiago Hotel. Once the first day of the conference was over (Wednesday, October 4), the Opening Ceremony and a Welcome Cocktail begun, where attendees had a first approach to this important event.

### **GALA DINNER:**

Built in the 1880s, Santa Carolina vineyard was selected by the Congress Committee, as the ideal place for the Gala Dinner. Located south of Santiago, the vineyard has preserved the rural traditions of our country, with imposing casks in the underground cellars and a traditional architecture, invites you to experience its 140 years of history.

All diners enjoyed an exquisite gastronomic preparation, accompanied by a first class wine, in an area that has the prestige of being the "Best Vineyard of the New World", according to the prestigious American magazine Wine Enthusiast. In addition, it was declared National Monument in 1973.

### **FARWELL PARTY:**

The Union Club was the place to enjoy the best company, in a unique, welcoming and patrimonial atmosphere. Located in the historical center of Santiago, they had a variety of gastronomic alternatives, a beautiful atmosphere, large air-conditioned rooms, Wi-Fi, security throughout the day, parking, among others.

The distinction and a service of excellence made of this encounter an unforgettable experience. Here, the different nationalities and cultures that were part of the pediatric dentistry world, strengthened their ties of friendship and brotherhood.

### **EXCURSIONS:**

There was a local travel agency in charge of organizing excursions.
